

Grammar consolidation

Remember:

- We use simple present to talk about regular or repeated actions, facts and habits.
- We use the auxiliaries DO and DOES with other verbs, never with the verb To Be.
- We need to add -S, -ES, -IES to the actions in affirmative form in third person singular (he, she, it). We never add -S, -ES, -IES to negative or interrogative sentences. **Practice: Using every personal pronoun (I, you, he, she, it, we and they) write sentences in affirmative, negative and interrogative form. Do this with the verb "To Be" and other Verbs.**
